

Asian Golden Unity (A.G.U) manufacturing and merchandising group was registered in 1994 and since then, A.G.U and other companies of this group (Iran Fanar Lool company and Kern Liebers Pars) are producing and supplying auto parts.

Taking a step further, through cooperating with the domestic and foreign auto part companies which are approved by the domestic carmakers, A.G.U has introduced a new service in recent years, gathering quality parts using the enriched experience of the past. As a result, the A.G.U is presenting productions to the domestic carmakers, after-sales services, and also, the spare parts market.

Providing services based on premium quality of the car parts, staying true to commitments, quick fulfilment of tasks, fair and lawful conduct, honesty and integrity of measures, and customer focuses behaviour are all notions that inspire our ethical charter.

The Asian Golden Unity embraces its customers as the principal investment, and achieving customer satisfaction is one of the main goals of the company.

Using the capabilities and the experience of its experts, this company has gathered the best quality parts in a collection and provides its provincial branches with them to purvey the best spare parts to the customers.

Planning to provide great quality products is the main mission of this company.

“originality of the provided products is the guarantee for the quality of our products”
